2mm/IN ETCHED BRASS OR STAINLESS STEEL NAMEPLATES

We have limited stock of 2mm/IN plates but owing to increasing demand we shall be adding some new plates to our range. We will not necessarily be producing nameplate for complete Classes but will offer a selection for you to choose from.

Please note that all locomotive cabside numberplates and nameplates are supplied in pairs-1 plate for each side of the locomotive.

Titled Expresses of the

NBR and Pre-War LNER standard design headboards.

Supplied as a stainless steel plate with colour transfer applied. These have been printed in our off white (straw) to give a more authentic appearance.

Care should be taken if handling excessively.
