

This is the current Descriptive Price List for the products we make in the scale and era in which you have expressed interest, based on your enclosed order. It will be updated on a regular basis and a copy sent with each future order. If more than a month has elapsed since you last ordered from us, and you are ordering by mail as opposed to telephone or internet, please contact us to ensure you are working from the latest list.

The Price Code List included in this Descriptive Price List is applicable right across our own product range.

Simply make a note of the price code next to each product you require and convert it to £:p using the list supplied with this publication.

PLEASE USE A CURRENT PRICE CODE LIST FOR CORRECT UP-TO-DATE PRICES

The V reference number after each description refers to the Volume and Page number of our Everlasting Illustrated Catalogues.

Class 52 'Westerns'

All sets include matching number plates and works plates in etched stainless steel, and D1000 incorporates the cast Lion & Wheel totem carried solely by that engine. All plates are available in black and nine are available also in red for fitting to those engines which carried the green livery. Modellers should check with authoritative references before ordering. Maroon and Rail blue liveries carried black background plates; green liveries carried red background plates.
